THOMPSON RIDICULES DEMO CLAN

Brands Them as Quitters and Makes
Challenge for Another Game—
Bitter Attack on Manager—
Result to Be Final

"It makes me sick to hear Albert Thompson putting up such a noise about getting robbed of the game when the Democrats and Republicans played last Friday," said Hal Thompson this morning.

"He says the umpire was crooked, that I bilked him in the score book, and that he got the worst of the deal all the way. Now I maintain that the Republicans can take the Demo bunch into camp any time on any lot between here and Rockport, Ind., and just to make a demonstration thereof, I hereby challenge him to another game to be played next Friday afternoon. Another thing: He claims that we imported some players. We couldn't help it because the Republicans were better ball players. Why, the Republicans are better at anything than a gang of Democrats, but as the oil collector said to the fellow whom he was dunning and who asked him for a loan of \$2, 'That ain't the point.' We will play that game again Friday and will bar all players in the City League. If that's not fair, I can not conceive of anything that is fair.

"I don't see how the Democrats happened to elect such a man as Albert Thompson for manager. He absolutely doesn't know the difference between a ball game and a quart of oats. They can't expect to win with him up as manager. It's just like stealing pennies from a blind man's money to take a game from his crew, but if they will have it that way, all right. We'll take 'em on again and give 'em a good cleaning next time."

And so it was arranged. The game between the Demos and the Repubs will be staged again next Friday afternoon at University park, the proceeds to go to the City League suit fund, which, by the way has mounted near the century mark.

SHORT STORIES OF THE TOWN

Father's Day.

Next Sunday will be Father's Day at the First Baptist church. We have been having Mother's Day, and we want to give recognition to the men. The sermon will be, "God's Greatest Man," and all men of the city are invited to be present. Young men, old men, middle aged men, married men, unmarried men, common men, peculiar men—in short, all kinds of men.—W. T. Rouse, pastor.

Crops in Good Shape.

"I observed the country carefully between here and Carnegie yesterday," said a Chickasha man well up in cropology, "and prospects were never better for big crops. Only one wheat crop in the entire distance was down and it was not in bad shape. The others were upright and all were remarkably free from weeds. Very little damage has been done by the wet weather so far, and a few dry days now will assure us of splendid crops."

A Series of Meetings.

The pastor and congregation of the First Baptist church will begin a series of meetings in a few days. They will be assisted by Dr. L. R. Scarborough, president of Southwestern Baptist Theological Seminary at Ft. Worth and Gospel Singer Charles O. Cook. Dr. Scarborough is one of the strongest preachers in all the land, and Mr. Cook is a splendid director of a choir. All the people of the city will be given a cordial invitation to take part in the meetings. Definite announcements will be made later.

WOMEN WATCH THE CLOCK

In our stores and factories for that blessed hour when the day's work ends. The reason is readily seen, as the nature of their duties too often drifts them into the horrors of all kinds of organic troubles peculiar to women, causing backache, headaches, nervousness and irritability. Lydia E. Pinkham's Vegetable Compound, a simple remedy, made from roots and herbs, may be relied upon to overcome these troubles.—Adv.

Emeralds of the Aztecs.

Among the Aztec treasures of Mexico were found many fine emeralds. They were exquisitely cut, and it is from this source that the magnificent emeralds now forming part of the royal collection of Spain were supposed to have come.

METZ CARS GOING FAST

According to Hy DuBose, state agent for the company, the Metz car not only gets over the road pretty fast but is also showing considerable speed as a seller. During the 60 days that have elapsed since Mr. DuBose took the agency he has placed 100 of them in Oklahoma, many of them coming here for redistribution and for local trade, while others were shipped direct from the factory to points where they were sold.

Mr. DuBose proposes to put Chickasha on the map in box-car letters as a Metz center. "When I took the state agency for the car, it was suggested I should make Oklahoma City headquarters because it is known as an auto center but I had an idea that Chickasha might just as well have a reputation of that kind and I am working to that end."

The Metz is a light car but it has made a reputation in many contests. In the Glidden tour from Minneapolis, Minn., to Glacier National park, three Metz cars pulled in ahead of all others and so close together that the money had to be divided among the drivers. In the famous hill climb at Uniontown, Pa., a Metz won over 13 cars, making 45 miles an hour up the steep incline.

Recently Mr. DuBose drove a Metz from Chickasha to Medford, Okla., going via Norman to Oklahoma City, and on account of bad roads making many other detours. The total distance traveled was 215 miles, and it was made in nine hours on nine gallons of gasoline, the average being about 24 miles per hour and a gallon of gasoline per hour.

War Talk

After reading the reports of the misery, brutality and suffering in the European war zone, we are inclined to believe Sherman was right in his famous saying regarding war.

A retrospective view of a life full of neglected investment opportunities; handling of and earning large amounts of money, with no laying aside for investments that will take care of the rainy day of life; may also recall Sherman's remark.
